Dear Friends:

January 25, 2008

My hope and desire is that this directory will aid you in helping those who are incarcerated or have been recently released from prison or jail.

My goal is to offer a support system for those who have been incarcerated so that they will not return to any type of correctional institution again. I believe that this is possible when two events take place:

First, that Jesus Christ has changed the individual from the inside and he or she has been born again SPIRITUALLY. The second is that his or her physical needs need to be met. This book was designed to meet the more practical needs of these men and women. We believe that if this book is used along with another book, "THE BIBLE", the whole man or woman will be rehabilitated.

This directory does not contain all the resources available in our community, so your input is valuable to me. If you know of other resources, please email me or give me a call and I will consider adding them in my next directory.

May God's blessing be upon all you do in Jesus Christ's Name.

Yours in His Service in the Jails,

Chaplain Art Lyons

~ Note ~

Not all organizations and churches in this booklet represent the beliefs of mainline Christianity. This booklet is designed to be a "Yellow Pages" for Chaplains, not a doctrinal statement.

Re-Entry Prison and Jail Ministry and Open Door Christian Chaplains, Inc. are non-profit organizations able to give tax-deductible receipts for any donations. Our Chaplains have been working in the jails and prisons in Southern California since 1975. All our Chaplains are volunteers, and our responsible for raising their own support. Re-Entry Prison and Jail Ministry is a Christian organization that recruits, trains and supports Chaplains to minister inside and outside of correctional institutions. Since the majority of persons incarcerated are released back into society, we also have a specialized focus on helping inmates after they are released from incarceration. Your support will help provide quality Chaplains and Christian resources that are essential for true rehabilitation. Chaplain Art Lyons is available to speak at your Church or organization about how you can become more involved with this important ministry.
